

U. S. Employees Ready for Vote On Higher Pay in House Today

CONTINUED FROM PAGE ONE.

prefer to see the vote on the bill go over until after the Christmas recess, but there is slight prospect of this.

Invitations were yesterday forwarded to the 435 members of the House and the 19 members of the Senate to address the big mass meeting at Convention Hall tonight.

There will be many speakers, headed by President Gompers of the American Federation of Labor, and the speakers, all members of organized labor, will be limited to five minutes. The meeting will act upon a resolution urging Congress to enact legislation to increase the wages of government and District employees.

In addition to the mass meeting tonight, the teachers and school employees of the District will hold a similar meeting at the new Central High School tomorrow night and the Federal Employees Union will have their mass meeting as planned on Wednesday night at National Rifle Armory.

KEEPS WIFE AND SEVEN TOTS ON \$720 A YEAR

School Janitor Wishes to Know Why
His Pay Should Not Be Raised.

Employees of the public schools of the District are chagrined that their compensation has not been considered in the increases advocated for the employees of the District. One of them discusses the subject in the following letter:

Editor of The Washington Herald: "The interest your paper has shown in the government employees' fight for larger salaries certainly deserves commendation. I am writing this letter on behalf of the public school employees, who, I notice, are to be left out of the general schedule of raises, along with policemen and firemen. To show this is not, in my opinion, a justice to the public school employees, permit me to state my case as an example.

"I have seven children, and to support them my wife and myself have \$720 per annum. If the general opinion is that the office clerk must have at least \$1,000 to support a wife and two children, how can you expect a man in my circumstances to live? Am I, a public school employee, different than an office clerk of the government? Do I not have to live as well as an office man? Why should I and other public school employees in the same circumstances be barred from the raises contemplated?"

"I might add that the public school janitors and laborers have been raised every year, but in my case and others from \$50 to \$60 a month does not represent a just compensation for the work done, and we certainly should not be left out of the general increase. I trust you will keep this condition of affairs in mind and push along the matter if possible."

CONGREGATION VOTES FOR D. C. PROHIBITION

By unanimous rising vote at both morning and night services, the congregation of the Douglas Memorial M. E. Church, under the leadership of the pastor, Rev. Dr. C. W. McLean, voted that Congress be urged to pass the District prohibition bill and declared necessity existed for the enactment of a law which would close all places of business and amusement on Sunday.

The matter of organic union of all branches of Methodism, especially of the M. E. Church and the M. E. Church South, was also acted upon. Commissioners have been appointed by both parties toward this end.

Thomas A. Edison

famous inventor and wizard of electricity in a recent magazine article has the following to say regarding 'St. Paul Electrification':

"In the mountains of Montana run two De-Luxe electric trains.

The electrified line is four hundred miles long—up grades and down grades—over sweeping curves—across gorges—night and day—the very personification of elegance. No grinding, no jerking, no puffing, no pulling, no straining, no disturbed slumbers, just a keen sense of moving swiftly, of being propelled by power vastly in excess of requirements. You ride with ease, you are at ease—it is the very last word in transportation."

For the past 15 years I have suffered with stomach trouble, and could never get anything to relieve me until I began to take Plant Juice. My food would ferment and I was all bloated with gas; I suffered agony after eating, and could scarcely retain any food in my stomach, it was in such a weak condition. I was in constant misery; had headaches, and my liver was affected which caused me to be very dizzy at times; I could not sleep at night, and became very weak and nervous; I got so bad that I would fall over while at work and would have to be taken home. I had heard so much about Plant Juice that I decided to give it a trial, although I had little faith in anything. After taking two bottles of Plant Juice, I changed my opinion, for the result was wonderful in my case. I can eat anything I want now, sleep well and have no more pains or aches. I am feeling the best I have in years and am thankful to Plant Juice for what it has done for me."

billions, gas on the stomach, headache, backache, sallow complexion, dark rings under the eyes, in fact all of the symptoms that are the heritage of a stomach suffering, as almost 90 per cent of all sickness is due to a disordered stomach. Plant Juice, the new herbal stomach remedy, acts directly on the stomach, causing the food to digest perfectly, and the result—the patient not only looks young, but what is more to the point—feels young. That Plant Juice gives this result is being verified daily by well known local people in signed statements, giving expression to the gratitude they feel for their recovery to health.

One of the most recent is that of Mr. Fred Bender, a well-known and popular Washington citizen, who resides at No. 203 E Street N. E., and is steam inspector at the Senate Building. He stated:

LIVING COST INCREASE EXCEEDS 100 PER CENT

Federal Employee's Wife Quotes Prices
of 25 Years Ago to Prove It.

That prices twenty-five years ago for all foodstuffs were more than 100 per cent lower than the present market prices is the contention of a government employee's wife who takes issue with the statement that the increase has been only 40 per cent. She says:

"Editor of The Washington Herald: I'd like to know how Congress figures that the increase in the cost of living in the last twenty years is only 40 per cent and some others figure it as low as 30 per cent. Clothing and doctor's bills are twice as high and everything else in proportion. Here is a list of what we paid for groceries twenty-five years ago:

"Flour, \$1.35 per 100 pounds.
"Potatoes, 35 to 50 cents a bushel.
"Sugar, 22 to 25 pounds for \$1.
"Beef roast, 8 to 10 cents a pound.
"Eggs, 15 cents a dozen.
"Salt pork, 5 cents a pound.
"Butter, 18 cents a pound.
"Peanut oil, 9 cents a pound.
"Beef roast, 8 to 10 cents a pound.
"I would be pleased to answer further, if you so desire, as I am a Federal employee's wife and I highly appreciate the fight your paper is making in our interest."

"I am a stenographer myself, but unable to work at present, though I am obliged to do so in order to help support our family. My husband only gets \$60 a month as night watchman at the Bureau of Engraving and Printing, and this position paid \$70 when first established. My husband has to work from four to five hours a day on the outside to make both ends meet."

TWELFTH ANNIVERSARY OF PASTORATE OBSERVED

A celebration beginning last Wednesday and scheduled to close Christmas, with the largest crowds in the history of the church attending, is in progress at the Metropolitan Baptist Church, N. street, between Ninth and Tenth streets.

In observance of the twelfth anniversary of the pastorate of Rev. S. P. Drew, Rev. Charles Gushingsberry, pastor of the Third Baptist Church, delivered a sermon on "The colored man as a defender of the colored race."

Dr. A. Barton said that no man was more credit than to Mr. Drew as a defender of the colored race.

Dr. Drew has been aided by many prominent persons, including the late Bishop Henry Y. Satterlee, of Washington; Rev. Father Stafford, B. H. Warner, Mrs. Clara Hay, widow of the former Secretary of State; former Senator John B. Henderson, former President Roosevelt, the late John R. McLane, sr., and Mr. and Mrs. Crosby S. Noyes.

The close of the ceremonies Christmas Day will be featured by a dinner and tree for former slaves.

NEW OFFICERS CHOSEN FOR ZIONIST SOCIETY

"The Relationship Between Judaism and Americanism" was the subject of an address made by Robert Szold before the Abayaz Zion Society at the fortnightly meeting held in their club room, 1205 Sixth street northwest, last night.

A musical program followed which included a piano solo by Elaine Eskin and a vocal solo by Emma Cohen, assisted by Dora Weiss.

The newly elected officers of the society are: President, Dr. B. L. Cohen; secretary, Meyer S. Cohen; recording secretary, H. Kramer; corresponding secretary, Charles Warshaw; financial secretary, Rose Wolf; and treasurer, Charles Slasen.

U. S. WORKERS MODIFY MASS MEETING PLANS

Members of Congress Not to Address
Tomorrow Night's Gathering.

Organized government and District employees to the number of more than 5,000 will attest their interest in the movement for increased salaries at a mass meeting in Convention Hall tonight that is expected to be the largest indoor assembly ever held in the District.

The purpose of the meeting is to make known the urgent need for early legislation to increase the wages of government and District employees.

Samuel Gompers, president of the American Federation of Labor, and Frank Morrison, secretary, will be the principal speakers. It was decided by the organizers of the meeting yesterday that it would be unfair to invite members of Congress to address the gathering while legislation was pending in which the employees were directly interested.

Newton A. James, president of the Washington Local Central Union, will preside. The speakers will include R. A. Maurer and L. V. Lamson, of the Teachers' Union; E. W. Morocco, president of the Columbia Typographical Union; T. P. Flaherty, secretary-treasurer of the National Federation of Office Clerks; N. F. Alfanz, legislative agent of the Machinists' Union; H. M. McLarin and Miss Florence Etheridge, of the Federal Employees' Union; Joseph Hurley, president of the District branch of the Federal Employees' Union; Miss Gertrude McNally, representing the women workers of the Bureau of Engraving and Printing, and E. L. Taylor, representing the laborers' branch of the Federal Employees' Union.

The meeting will be open to the general public as well as to government and District employees. Doors will be thrown open at 6:30 o'clock and a thirty-piece band from the Musicians' Union will give a band concert before the speaking.

\$300 BREADPIN STOLEN.

Hattie Newmyer, of 1727 Lanier Place northwest, reported to the police yesterday that she was robbed of a diamond breadpin valued at \$300, while working in a Seventh street jewelry store.

I am feeling the best I have in years and am thankful to Plant Juice for what it has done for me."

The Plant Juice Man is at the People's Drug Store, corner of 7th and E Streets N. W., where he is daily meeting the local public, and introducing and explaining the merits of this remedy.—Adv.

billions, gas on the stomach, headache, backache, sallow complexion, dark rings under the eyes, in fact all of the symptoms that are the heritage of a stomach suffering, as almost 90 per cent of all sickness is due to a disordered stomach. Plant Juice, the new herbal stomach remedy, acts directly on the stomach, causing the food to digest perfectly, and the result—the patient not only looks young, but what is more to the point—feels young. That Plant Juice gives this result is being verified daily by well known local people in signed statements, giving expression to the gratitude they feel for their recovery to health.

One of the most recent is that of Mr. Fred Bender, a well-known and popular Washington citizen, who resides at No. 203 E Street N. E., and is steam inspector at the Senate Building. He stated:</
